

PIA reviews - please check my prior year submission. I get the same questions annually. It would save us all time and money if you just looked at last years' 471.

Allocate more money to Priority 2 - best. Allow us to use a calculator to see if spending our time on Priority 2 items is worth it. There are mortgage and college calculators - please create an E-Rate calculator. - 2nd best.

Increase our funding percentage. The 40% that we do get helps tremendously, however, we still don't accomplish educationally promising projects due to funding constraints. Technology is a way of life, not just something that wealthy districts have. Everyone should have quality access to technology in their schools.
